VALVE SOLUTION PROVIDER

Leader in the development of butterfly valves and ball valves

Development History

DBV History:

DBV valve was founded in 2001. Our company created two valve brands "DBV" and "Dombor". With the developing of reliable quality, reasonable price and excellent service. DBV now owns factories both in Shanghai and Wenzhou, including butterfly valve, ball valve, gate valve, globe valve and check valve workshops.

DBV Quality Control:

Advanced physical and chemical test center, professional CNC processing, pressure testing, automatic production facilities and experienced technical.production team, achieving all kinds of certificates such as API6D, API609, API607, API6FA, CE, ISO9001, ISO15848-1, ISO14001, ISO45001, TS, CU-TR 032/010, ATEX, SIL3.....

DBV Products Range:

Type: Thousands of products of more than 60 series of ball valves, butterfly valves, gate valves, globe valves, check valves, high temperature and pressure station valves, control valves, etc.

Size:The company products range from 1/2"-56" (DN15-DN1400). About butterfly valves we can produce the max size (104") DN2600. With pressure CL150-CL2500(0.6MPa-42.0MPa) and work temperature -196°C \sim +800°C.

Material: Carbon steel, Low-temperature steel, Stainless steel, Alloy steel, Monel alloy and other special alloy steel.

Operation: Manual(Lever/Handwheel/Worm-gear), Electric, Pneumatic, Hydraulic and Gas over oil and Electro-hydraulic.

DBV Application:

International reputed company in Electrical Power Plants and Electrical Distribution Network, Water Desalination, Water, Oil and gas Pipeline and Distribution Network, Industrial, Electronics, Mechanical, Petrochemical General Projects.

The company is very much active in all fields of activities in Water & Electricity, Public Works, Industry and Town Planning.

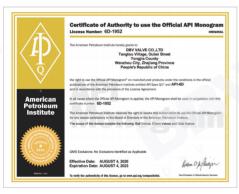

DBV Vision:

To be customers' choice for unique and innovative solutions for their specific needs in valves, DBV company owns endless potential to develop more high-end products, and fully invests into the continuous technology innovation and qualified service, committed to become one of the most professional, the most comprehensive and the most reliable valve partner.

Manufacturing Facilities

Strong manufacturing capability and quality assurance system DBV Valve has 5 valve production lines, factories equipped with over 200 sets of valve production machinery and has a valve production base of over 20,000 square metres, producing over 8,000 tonnes of valve products per year with a sales value of US\$32 million.

20000m²
Scaled and scientific valve production base

8000 tons

Total tonnes of valves produced throughout the year

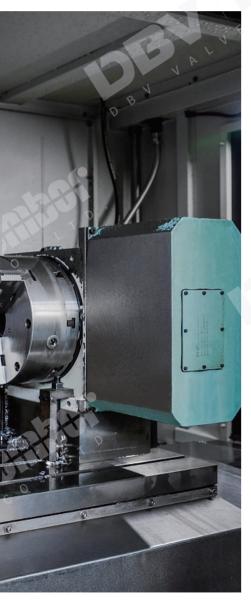

\$32 Million
Total annual sales value of valves
(US\$)

200+ With more than 200 sets of processing and production

Sales team

The company has a first-class service team. With 20+ years of experience in valve production, we have more than 300 front-line workers, more than 30 international R&D level valve designers, 40+ professional sales, and 24 - hour sales service to serve you throughout the whole process, to accomplish your orders.

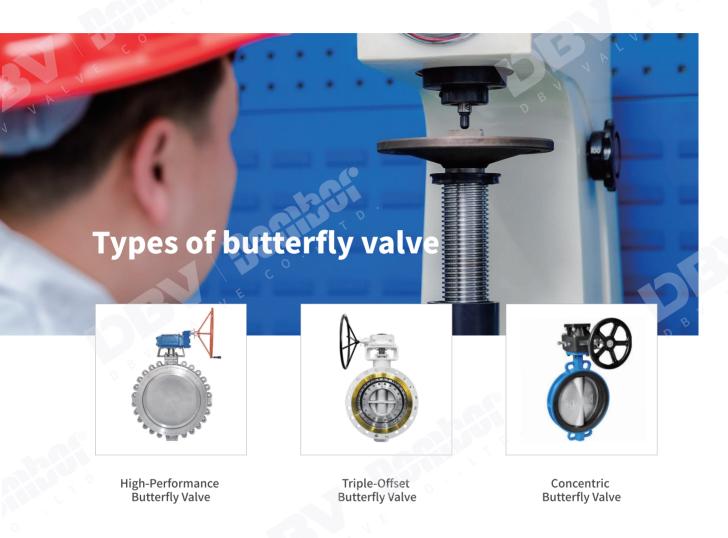

4000m²

The company has more than 30 valve R&D engineers

300+ Over 300 highly skilled frontline staff 🕥

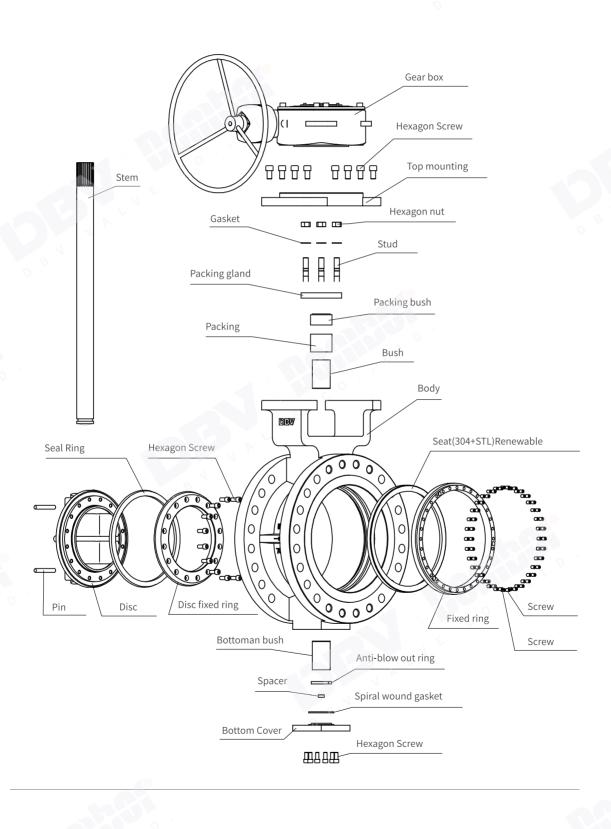

Wafer Butterfly Valve

Flange Butterfly Valve

Relying on 20+ years of experience in R&D and production of DBV valve,we have successfully developed and produced a wide range of butterfly valves,with special expertise in manufacturing triple offset butterfly valve,high performance butterfly valve and concentric butterfly valve.

Decomposition Butterfly Valve

Butterfly Valves

Development and production of various types of butterfly valve

Butterfly Valves

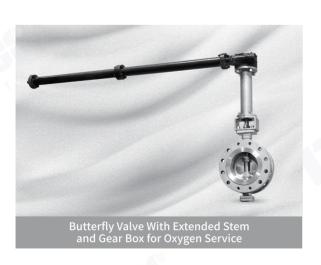

Development and production of various types of butterfly valve

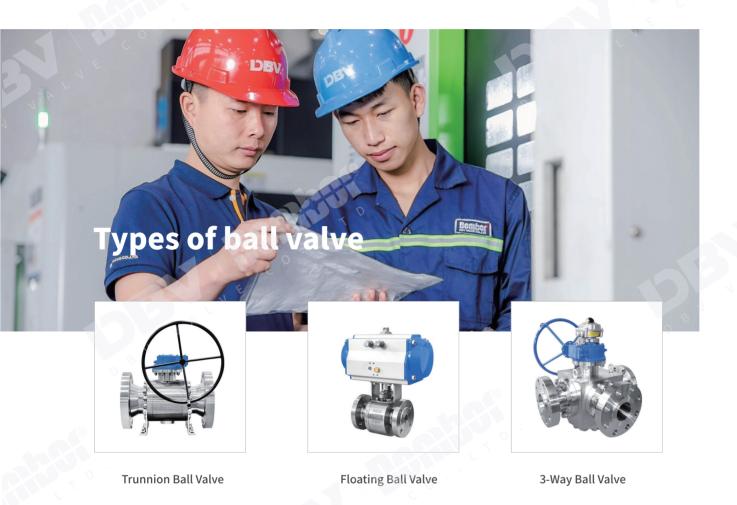

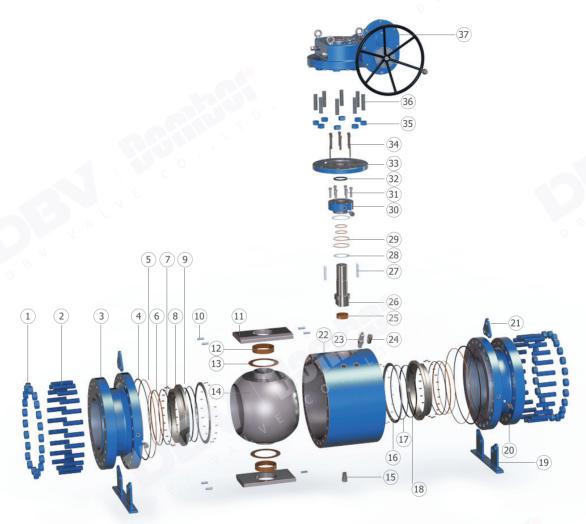

V-Port Ball Valve

Side-Entry Ball Valve

Relying on 20+ years of experience in R&D and production of DBV valve, we have successfully developed and produced a wide range of ball valves, with special expertise in manufacturing floating (trunnion) side entry ball valve, fully welded ball valve, cryogenic ball valve, top entry ball valve, three way ball valve, DBB Ball Valve, Jacket ball valve, etc.

Decomposition Ball Valve

Part No.	Description	Part No.	Description
1	Bonnet Nut	20	Injection Fitting
2	Bonnet Bolt	21	Rings
3	Bonnet	22	Body
4	Bonnet Gasket	23	Bleed Valve
5	Bonnet O Ring	24	Stem Injection Fitting
6	Seat O Ring	25	Bearing
7	Sealing Ring	26	Stem
8	Spring	27	Pin
9	Seat Support Ring	28	O Ring
10	Pin	29	Sealing Ring
11	Trnnion Block	30	Stuffing Box
12	Bearing	31	Screw
13	Bearing	32	Packing
14	Ball	○ 33	Top Flange
15	Drain Valve	34	Screw
16	Seat Platen	35	Nut
17	Primary Seat	36	Bolt
18	Sub Seat	37	Gearbox
19	Support base
